Notes diplomatiques.

Le président a transmis au Sénat, le 19 de ce mois, plusieurs pièces relatives aux [illegible] commises depuis quelque temps [illegible] du Mexique par les croiseurs [illegible]. Nous voyons par un rapport du [illegible] de la marine que le steamer de guerre *Fulton*, commandant Almy, a reçu [illegible] de croiser au nord de Cuba pour protéger [illegible] navires américains et empêcher [illegible] arrêtés et examinés par des [illegible] étrangers. La corvette *Saratoga*, [illegible] New-York, et le brick *Dolphin*, qui [illegible] Vera Cruz à destination, ont reçu également l'ordre [illegible] les côtes et de croiser [illegible] les parages de Cuba. La [illegible] vapeur *Fabash*, qui armait à New-York, [illegible] se rendre dans la Méditerranée, [illegible] dirigé d'abord vers le sud et entrera [illegible] golfe du Mexique. Elle y restera [illegible] saison de notre commerce y est [illegible].

Ces [illegible] importantes raisons qui ne [illegible] plus de vous frapper. Notre gouvernement est déterminé à faire tous ses efforts pour supprimer la traite des nègres, [illegible] en même temps que les justes [illegible] des Américains sur l'Océan [illegible] respectés. Quelqu'un a dit que [illegible] du voyage de Cortez, si ses [illegible] n'avaient qu'il était américain, il ne [illegible] examiné ni pris par le croiseur anglais. Je ne doute pas que les faits [illegible] de nouveau l'objet d'une rigoureuse [illegible] de la part du gouvernement [illegible] et que les mesures convenables ne [illegible] pour prévenir des actes de [illegible] nation.

Le [illegible] attention sur les [illegible] rapportées par le consul général [illegible] Havane et qui indiquent l'existence [illegible] de système de police en vertu [illegible] navires américains dans ce port [illegible] soumis à une véritable inquisition, et [illegible] porter ces [illegible] sur la conscience de lord Malmesbury, [illegible].

Le secrétaire d'État a adressé à [illegible] une nouvelle note datée du 12 courant, [illegible] dépêche du 12 courant, publiée [illegible] dans les journaux [illegible] arrestation et d'examen [illegible] navires américains par les bâtimens [illegible] croisière le long de la côte de Cuba, [illegible] parvenue à la connaissance du [illegible] État, celui-ci s'est adressé immédiatement à la douane du port d'arrivage [illegible] navire, et a prié le capitaine lui-même, [illegible] base des réclamations qui [illegible] au gouvernement anglais. [illegible] des réponses à quelques-unes de [illegible] ci, et nous espérons recevoir [illegible] que vous soyez éclairé [illegible] vous puissiez agir promptement. [illegible] réponses seront reçues, [illegible] seront envoyées de même, afin que [illegible] autorisant des nouvelles agressions au préjudice de nos droits [illegible].

[illegible] de ces agressions sur la haute [illegible] autre acte constitutif de violence [illegible] croiseurs de nos bâtimens marchands, [illegible] de onze, assure-t-on, a été [illegible] par un steamer de guerre anglais, dans [illegible] de Saguas la Grande, île de Cuba. [illegible] journaux ont publié les détails de cet [illegible] mais aucun rapport authentique [illegible] reçu par le département d'État. [illegible] est question d'une lettre du consul général [illegible] États-Unis à la Havane, dont je vous [illegible]. Les mesures nécessaires ont [illegible] prises pour obtenir des renseignements [illegible] seront communiqués dès qu'ils auront été reçus ici. Lorsque toutes les [illegible] seront connues d'une manière [illegible] mesures seront adressées [illegible] gouvernement de Sa Majesté britannique contre la visite opérée à [illegible] navires américains par les forces [illegible] une autre puissance dans la juridiction territoriale de l'Espagne. Les États-Unis [illegible] convaincus que le gouvernement de [illegible] pays prendra les mesures les [illegible] pour protéger contre une violation [illegible] droit de leurs navires qui vont dans [illegible] espagnols. Ces bâtiments ont [illegible] à la protection dont il s'agit, et il [illegible] réclame ailleurs ils doivent la trouver [illegible] pour leur propre pays. J'ai [illegible] ordre de faire bâtiments en question ont [illegible] préjudice. S'il en est ainsi, les États-Unis attendent du gouvernement espagnol [illegible] indemnité, ou une compensation de l'Angleterre sollicitée par l'Espagne.

Les violations flagrantes des droits des États-Unis ont causé une profonde sensation dans le pays et ont attiré l'attention des deux chambres du Congrès. Leur renouvellement ne manquerait pas de produire le [illegible] effet sur les rapports des deux [illegible]. Le président est persuadé que les [illegible] de la marine anglaise qui ont accompagné les [illegible] dont se plaignent les États-Unis n'ont agi qu'en étant pas autorisés par [illegible] gouvernement et ont mal interprété ses [illegible]. Cependant les États-Unis n'en ont [illegible] moins le droit d'espérer que de pareils [illegible] seront désavoués et que des ordres [illegible] plus sévères seront donnés pour en empêcher [illegible] répétition. Vous ferez part à lord [illegible] de l'espérance qu'a le président [illegible] que le gouvernement de Sa Majesté britannique prendra immédiatement connaissance de la question, que les officiers [illegible] des actes de violence qui leur sont imputés en supporteront la responsabilité, et que dans le cas où un tort pécuniaire aura été causé, les parties intéressées recevront une juste compensation.

Nous apprenons aussi l'intention de lord Malmesbury sur ce qui a eu lieu à Sagua-la-Grande, et vous lui direz que les États-Unis espèrent que la réparation que leur accordera le gouvernement anglais renfermera un blâme à l'adresse de l'officier dont l'acte a blessé une puissance amie, et tendra aussi à empêcher pour l'avenir une semblable intervention."

La question est donc nettement posée par le gouvernement américain. Nous demandons une double réparation: le désaveu des commandans anglais qui ont arrêté et visité nos navires, et une indemnité pécuniaire [illegible] ceux de nos nationaux dont les intérêts ont été lésés. Les États-Unis demandent en outre que le gouvernement britannique mette un terme à l'intervention trans-[illegible] et tyrannique des croiseurs anglais.

M. Cass obtiendra-t-il ce qu'il réclame? Nous le croyons, car il existe plus d'une raison pour que l'Angleterre ne se brouille pas en ce moment avec nous.

DIMINUTION D'IMPORTATIONS.—Les importations continuent à décroître à New-York. Du 7 au 14 mai, elles ont été de $2,723,506, et, pendant la période correspondante de 1857 elles s'étaient élevées à $4,619,200. La différence en moins cette année est de $1,876,508.

TRANSMISES A L'ABEILLE.

Nouvelle agréable des Anglais!!

New-York, 26—Le brick *New-Era*, de Matanzas, rapporte qu'il a été abordé par un navire à vapeur de guerre anglais, le 24 avril, qui a fait des perquisitions à bord, et que le lendemain un autre steamer anglais l'a tiré trois coups de canon à boulet.

CONGRES.

Washington, 26 mai — CHAMBRE—La Chambre a passé un projet de loi pour régulariser les élections municipales de Washington.

Washington 26.—ORLEANS.—M. Ballard Ingraham, de l'Ohio, est admis à occuper son siège, par quatre voix de majorité.

Le bill des fortifications a été discuté.

Au Sénat, on discute le bill pour l'emprunt des quinze millions.

Le bill pour l'amélioration du havre de Chicago a été adopté, au Sénat, par un vote de 26 contre 17. On considère ce vote comme étant en faveur des améliorations intérieures.

NOUVELLES DE WASHINGTON.

Washington, 20.—Le correspondant du *Times* de New-York dit qu'à cette date on n'avait pas reçu de nouvelles de l'Utah de nature à changer les plans du gouvernement à l'égard des mormons. Le président a arrêté du même coup une banque Robert Macoire qui émettrait pour $6,000,000 de billets sans présenter le moindre métallique; les billets sont garantis sur les revenus du pays. N'est-ce pas là une belle imagination? une banque garantie par un gouvernement de banqueroute qui n'a ni ports ni ressources assurés. Les étrangers sont compris dans cette loi et ses voilà obligés de payer un emprunt forcé énorme, réglé d'une façon arbitraire et inquisitoriale! La ministre de France n'a pas protesté.

MEXIQUE.

CONVENTION EXTRAORDINAIRE.—CRIMINEL D'UN RANCH.—Deux décrets présidentiels ont causé dernièrement une grande sensation à Mexico: le premier établit une contribution extraordinaire sur les propriétés et les capitaux; le second organise une Banque par actions, investie d'importantes attributions financières.

Voici les principaux articles du premier décret:

Félix Zuloaga &c., &c. J'ai tenu à bien décréter ce qui suit:

Article 1er. Est imposée, pour une seule fois, une contribution sur tout capital, mobile et immeuble, qui est ou peut être employé dans une industrie quelconque.
