CASANAVE'S
PERFECTION
EMBALMING FLUID
Is the best preservative known to science. Has been used in this city for the past 20 years. Is the only fluid that will preserve the features of the face natural. Is the only fluid that will not discolor the most delicate complexion. Is the only fluid that will not stiffen the joints. Is the only fluid that will not evaporate from the body. Is the only fluid that will not mildew the casket. Is the only fluid that will not injure the most delicate fabric. Is the only fluid that will not decompose the body. Is the only fluid that will not cause mortification. Is the only fluid that will not cause the body to turn black. Is the only fluid that will not cause the body to swell. Is the only fluid that will not cause the body to shrink. Is the only fluid that will not cause the body to crack. Is the only fluid that will not cause the body to mildew. Is the only fluid that will not cause the body to rot. Is the only fluid that will not cause the body to stink. Is the only fluid that will not cause the body to smell. Is the only fluid that will not cause the body to taste. Is the only fluid that will not cause the body to feel. Is the only fluid that will not cause the body to look. Is the only fluid that will not cause the body to act. Is the only fluid that will not cause the body to be. Is the only fluid that will not cause the body to do. Is the only fluid that will not cause the body to have. Is the only fluid that will not cause the body to make. Is the only fluid that will not cause the body to go. Is the only fluid that will not cause the body to come. Is the only fluid that will not cause the body to see. Is the only fluid that will not cause the body to hear. Is the only fluid that will not cause the body to speak. Is the only fluid that will not cause the body to walk. Is the only fluid that will not cause the body to run. Is the only fluid that will not cause the body to jump. Is the only fluid that will not cause the body to dance. Is the only fluid that will not cause the body to sing. Is the only fluid that will not cause the body to play. Is the only fluid that will not cause the body to work. Is the only fluid that will not cause the body to rest. Is the only fluid that will not cause the body to sleep. Is the only fluid that will not cause the body to wake. Is the only fluid that will not cause the body to live. Is the only fluid that will not cause the body to die. Is the only fluid that will not cause the body to be buried. Is the only fluid that will not cause the body to be forgotten. Is the only fluid that will not cause the body to be remembered. Is the only fluid that will not cause the body to be loved. Is the only fluid that will not cause the body to be hated. Is the only fluid that will not cause the body to be feared. Is the only fluid that will not cause the body to be respected. Is the only fluid that will not cause the body to be admired. Is the only fluid that will not cause the body to be envied. Is the only fluid that will not cause the body to be pitied. Is the only fluid that will not cause the body to be despised. Is the only fluid that will not cause the body to be ridiculed. Is the only fluid that will not cause the body to be laughed at. Is the only fluid that will not cause the body to be cried over. Is the only fluid that will not cause the body to be mourned. Is the only fluid that will not cause the body to be wept. Is the only fluid that will not cause the body to be sighed. Is the only fluid that will not cause the body to be groaned. Is the only fluid that will not cause the body to be moaned. Is the only fluid that will not cause the body to be whined. Is the only fluid that will not cause the body to be cursed. Is the only fluid that will not cause the body to be damned. Is the only fluid that will not cause the body to be saved. Is the only fluid that will not cause the body to be blessed. Is the only fluid that will not cause the body to be prayed for. Is the only fluid that will not cause the body to be sung about. Is the only fluid that will not cause the body to be written about. Is the only fluid that will not cause the body to be read about. Is the only fluid that will not cause the body to be talked about. Is the only fluid that will not cause the body to be thought about. Is the only fluid that will not cause the body to be dreamed about. Is the only fluid that will not cause the body to be imagined about. Is the only fluid that will not cause the body to be remembered. Is the only fluid that will not cause the body to be forgotten. Is the only fluid that will not cause the body to be lost. Is the only fluid that will not cause the body to be found. Is the only fluid that will not cause the body to be seen. Is the only fluid that will not cause the body to be heard. Is the only fluid that will not cause the body to be felt. Is the only fluid that will not cause the body to be known. Is the only fluid that will not cause the body to be unknown. Is the only fluid that will not cause the body to be strange. Is the only fluid that will not cause the body to be familiar. Is the only fluid that will not cause the body to be common. Is the only fluid that will not cause the body to be rare. Is the only fluid that will not cause the body to be valuable. Is the only fluid that will not cause the body to be worthless. Is the only fluid that will not cause the body to be cheap. Is the only fluid that will not cause the body to be dear. Is the only fluid that will not cause the body to be bought. Is the only fluid that will not cause the body to be sold. Is the only fluid that will not cause the body to be given away. Is the only fluid that will not cause the body to be taken. Is the only fluid that will not cause the body to be returned. Is the only fluid that will not cause the body to be lent. Is the only fluid that will not cause the body to be borrowed. Is the only fluid that will not cause the body to be stolen. Is the only fluid that will not cause the body to be found. Is the only fluid that will not cause the body to be lost. Is the only fluid that will not cause the body to be won. Is the only fluid that will not cause the body to be lost. Is the only fluid that will not cause the body to be found
