## ANTI-GOUTY ELIXIR OF HIS POLYTE BRIEUGNE,

INVENTOR OF THE ANTI-RHEUMATISM

## Tropical Balm.

TELL how all medical science has had no power to cure the acute, this terrible disease which has ever made so many victims all over the earth, and still leaves daily so many thousands from their companions to give them up to the most painful sufferings. It is necessary to recall to our minds the symptoms of this disease too well known to its numerous sufferers. It suffices to name them to appreciate the value of such a remedy against their return. Such is the effect of the ANTI-GOUTY ELIXIR, which is the result of the laborious searches of M. Hippolyte Brieugne, already known for the discovery of the anti-rheumatismal TROPICAL BALM, that has had success to this day as great a success. The ANTI-GOUTY ELIXIR, particularly designed for curing the fits of the gout, possesses a power no less great, warranted by a long personal experience of the inventor, and by repeated essays upon its numerous victims.
The ANTI-GOUTY ELIXIR is easy to take, and its taste is in no way disagreeable. It can be taken pure or mixed with two or three mouthfuls of tea or coffee. Its effects are felt after a few hours, whatever may be the intenseness of the fit. In twelve hours at most the sufferings disappear, and all symptoms vanish away.
For sale at the general depot, in New Orleans, at J. WRIGHT & CO.
$1 and 151 Chartres street.
