t present.

The President will repeat his recomme

sea to enter into regoliations looking to the sea of the shand to us.

An although the message is completed, yet the failure to organise may make a change in consumary. In regard to the sfairs of Menicoparticularly, the President may receive information to compel him to after that part of it very materially. That country remains still in a distracted and unsettled condition, and should the treaty which is daily expected, and the still representation of the president may be changed. The President will reiterate many to of the recommendations of last year.

sectionering very and use in the induced to be will have in the important position of Clerk will be secretly used to promote his may account for the course of Biodeman Kentral Hashin and other anti-Lecompton Mr. Reanton, of Chio, and several other Republicans, are preparing to reply to Corwin. They repudiate his riews and his assumption to speak for the Bepublican party. The Opposition factions begin to werry each other, and if the Democrats keep up the discussion and stand off they will see a rich feat.
