L. MILLER'S

HAIR INVIGORATOR,

AN EFFECTIVE, APT AND ECONOMICAL COMPOUND FOR RESTORING GRAY HAIR to its original color, without dyeing, and preventing the Hair from turning grey.

FOR PREVENTING BALDNESS, and curing it, when there is the least particle of vitality or recuperative energy remaining.

FOR REMOVING SCURF AND DANDRUFF, and all cutaneous affections of the Scalp.

FOR BEAUTIFYING THE HAIR imparting to it an unequaled gloss and brilliance making it soft and silky in its texture and causing to curl readily.

The great celebrity and the increasing demand for this unequaled preparation convinces the proprietor that one trial is only necessary to satisfy a discerning public of its superior qualities over any other preparation. Although it has been known the last eight years, through *thousands* and other unanswerable channels, causes the hair to grow luxuriantly, and gives it a rich, soft, glossy and flexible appearance, under which the hair will soon look becoming and attracting. It will give strength and vigor to the roots, and cause a healthy growth to those hairs which have become bald, causing it to yield a *fresh new crop of hair.*

There are hundreds of ladies and gentlemen in New York who have had their hair restored by the use of this invigorator, when all other preparations had failed. L. M. has in his possession letters innumerable testifying to the above facts, from persons of the highest respectability. It will effectually prevent the hair *from turning grey* until the latest period of life; and in cases where the hair has already changed its color, the use of this invigorator will with certainty *restore it to its original hue,* giving it a dark, glossy appearance, as a portion of the toilet; and a Hair Restorative it is particularly recommended as having a most agreeable fragrance, and the great facilities it affords in *dressing* the hair, which can be moist with the invigorator, can be dressed in any required form so as to preserve it in place, should the ladies so desire—hence the great demand for it by the ladies as a standard article, and one that ought to be in every toilet, as the action ceases it retains the touch of all being

ONLY TWENTY-FIVE CENTS

per bottle, to be had of all respectable druggists and perfumers.

L. MILLER would call the attention of Parents and Guardians to the use of his Invigorator, in cases where the celebrated Hair Restorer is used. The use of it lays the foundation for a good head of hair, as it removes any impediment that may have been connected with the scalp, by the removal of which is necessary both for the benefit of the child and the future appearance of the hair.

CAUTION.—None genuine without the fac simile LOUIS MILLER, on the outer wrapper; also, MILLER'S HAIR INVIGORATOR, N. Y., blown in the glass.

AYER'S SARSAPARILLA

A COMPOUND REMEDY, designed to be the most effectual *Alterative* that can be made. It is a combination of this Sarsaparilla, so carefully with other substances of still greater alterative power as to afford an effective antidote for the diseases to which sarsaparilla is reputed to cure. It is believed that such a remedy is wanted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How compounded, the compound will do it has been proved by experiment on many of the worst cases to be found in the following complaints:

Scrofula and Scrofulous Constitution, Eruptive Diseases, Tumors, Ulcers, Blotches, Boils, Tetter, Salt Rheum, Scald Head, Ringworm, Syphilitic affections, Mercurial Diseases, Rheumatism, Neuralgia, Female Weaknesses, Irregularities and Suppressions, Leucorrhœa, Uterine Diseases, Diseases of the Bladder, Kidneys, and Urinary Organs, Heart or Liver Complaints, Dropsy, and Dropsical Swellings.

This compound will be found a great promotor of health, when taken in the spring, to expel the foul humors which festen in the blood at that season of the year. By its timely use, multitudes saves themselves from the real and imaginary ills that are sure to follow in the train of those disorders are skipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the misfortune of foul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Keep the blood pure, and the health will follow. Even in apparently healthy communities, much more real health is felt, people enjoy better health, and live longer, by the timely use of this preparation than without, and all the evil; but with this antidote of its diseased, there can be no lasting health. Sooner or later accumulating acrimony and disease must burst forth from some hereditary or accidental overturning.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations which, pretending to contain this alone has not all the virtue that is claimed for it; but more because many preparations, pretending to be compounded entirely of it, contain little or none of the virtue of Sarsaparilla, or any thing else.

During the years the Sarsaparilla has been related by large section, pretending to give a quart of Extract of Sarsaparilla for one dollar. All of these have been found upon the trial, for they can only contain little or no Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has been the fate of the various sources of Sarsaparilla, which flood the market, until the name itself is justly despised, and many become prejudiced against any Sarsaparilla what. Still we call this compound Sarsaparilla, and in bold of such a character as shall rescue it from the load of obloquy which rests upon it. And we think we may safely say that this is the only one of the great facilities it affords in *dressing* the hair, which can be moist with the invigorator, can be dressed in any required form so as to preserve it in place, should the ladies so desire—hence the great demand for it by the ladies as a standard article, and one that ought to be in every toilet, as the action ceases it retains the touch of all being

AYER'S CHERRY PECTORAL

Has come for itself such a renown for the cure of every variety of Throat and Lung Complaint that it is entirely unnecessary for us to recount the evidence of the virtues possessed by it. As it has long been in use, and is well known to most of the people, it is sufficient to say that its composition is carefully preserved, and that it is now the same as when first made, and that it may be relied on to be for their relief all it has ever been found to do.
