GEORGIA CROP PROSPECTS.—RIOT AT QUINCY, FLORIDA.—*Atlanta, Ga.*, May 24.—Reports from South-western Georgia give more favorable accounts of the crops planted than to have had heretofore. THE NEW REMOVAL SUPERINTENDENT OF ST. MARY.—Two years since a new religious order, called the Protestant Episcopal Church of the United States, was established in this city, under the auspices of the Rt. Rev. Bishop Polmer and some of the leading clergy of the diocese. The rules of the organization are liberal, and its members should devote themselves exclusively to works of mercy, by attending the sick, aiding the poor, and distributing Christian instruction among the young. The membership was limited to unmarried ladies, or widows, over thirty; and, in order to be admitted, it was necessary for them to make a probation of which they could be subject to the rules of the institution, and continue their pious labors till either the urgent necessities of their kindred or other circumstances called them from their sphere of duty. In such cases the bishop was empowered to release them from their obligations. There are now seven sisters in the order, and there are several applicants for the Island of Mercy, St. Barnabas House, and the Sisters of St. Kathleen, known as "The Shattering Band," have undertaken to visit the sick and devote themselves to the same work, under the same restrictions.

If you cannot be happy and gay, be happy in another; and, if you cannot be happy in that, be happy in both. Many discontented people have but little aid from philosophy; for health and pleasure are often in the other scale. Many gay men would be looking for his pot, while it is on his head or in his hand.

MONETARY AND FINANCIAL.

TUESDAY EVENING, May 29, 1866.

We have again to notice a quiet market in most branches of trade. Our leading staple, in particular, has been unusually dull, only about 1,000 bales, the days sales, have been reported 1200 bales. This makes an aggregate for yesterday and to-day of 2200 bales, which is not more than half the usual receipts for the corresponding days of some weeks to the supply of Domestic Exchange.

The Gold market opened this morning at even rather rates than the reduced quotations of the day before yesterday, but subsequently declined and ruled as high as 138. It then receded and closed at 136¾, to 137, against 137¼ to 137½ yesterday. Sterling is also ruled a round cent lower at about 110¼; $14,000 at 136¾, $4200, $6000, $8000 and $10,000 at 137¼, $60,000 at 137, $20,000 at 136¾, $5000 at 137, and $50,000 at 136¾, but was not reported. Nothing of any moment is reported in Silver. Dealers paid 125 for the small amounts of American half dollars of 1853 and 1854, and sold at 127. We have heard of no sales of Mexican dollars, but they are quoted at the outside figure of American Gold.

The market for Foreign Exchange continued quiet, with only a limited amount of commercial bills offering, and little demand excepting for bank bills on unquestionable acceptances. The sales of Sterling included a moderate amount of A1 Clean Bills at 148; £2000 do. at 148¼, £1000 at 148½, £2000 at 148¾, £2000, part at 150, and £3000 at 151½. We also note as fixed sales of £2000 bank at 151 and 151¼. Nor did we hear of Francs at 145 to 147 for Bill of Lading and good Clear Bills, 148 to 151 for A1 to first class, and 151 to 153, for bank in Francs on Paris. The quotations for Francs at the junction with Hagan Avenue, and the digging of a draining canal with levees along the bayous to the river, thence down the swamp beyond Metairie Ridge. The expense estimated at $37,000.
