Information for Voters.
The office of the Registrar of Voters will be closed after Thursday next, the 12th November. There is, then, no time to lose on the part of those who desire to vote at the approaching election. The office is in its old place at the City Hall.

The day is getting on apace with its passing, and the time is flying. We return our acknowledgments to the General who kindly gave us the use of his press to strike off our advertisement.

Thanks to the prompt service rendered along the Atlantic and the Gulf coast our numbers by the last steamers will not be so far behind as they have been for some time past. They have plenty of mail, too, along with their cargoes, though possibly not of the same quality.

WORKS, OILS, LUBRICANTS, &c.—Messrs. C. V. V. & Co., No. 110 Bay Road, are now receiving French Bank Notes, from Bordeaux, a large invoice of assorted wines and spirits, of brandy, cognac, &c. We direct attention to their advertisement in another column.

ANATOMICAL MUSEUM.—There will shortly be opened at the Hall opposite the St. Charles Hotel a branch of the New York Museum of Anatomy, containing over 500 Wax Illustrations of the various phases and conditions of the human body in health and disease. This interesting exhibition will be under the management of Mr. W. T. Homer, an expert in a branch of anatomy.

NEW YORK PAPERS.—We are favored by Mr. A. S. M., general news agent, 50 Broadway street, with the latest New York papers, and a list of the latest New York dailies.

A DEARER CHARITY.—We are requested to announce that the Boston Mutual Benefit Society will take a collection for the orphan of St. Mary's Asylum, Third District, at the Census on all Sunday. We trust the ladies of the city will be liberal as the charity is deserving.

GRAND CHATELAIN HALL.—We are cordially invited to attend a ball to be given at Mechanics' Institute, on the evening of the 1st, for the benefit of the orphaned children of the late C. A. from the Third District. We cordially wish success in every respect to the occasion.

FROM THE LAND OF SHERBEE.—Far off from the tropic zone, a new and interesting species of the genus Sherbreea is discovered. It is a new and interesting species of the genus Sherbreea, and is named in honor of the discoverer, Mr. Sherbree.

Lord Palmerston.
The telegraph briefly announces the death of Viscount Palmerston, (Henry Temple) Prime Minister of Great Britain, and the most remarkable English statesman of the present century. He died on the 18th of October, at the age of 84 years, after a long and illustrious career.

ACADEMY OF MUSIC.—Judging from appearances, the work of the Academy is every way popular at this time. The fact is, however, that the Academy is every way popular at this time. The fact is, however, that the Academy is every way popular at this time.

The Mexican Loan.—Some one sends us from New York, by mail, the advertisement of the Mexican Loan, which is to be raised in New York, and is to be used for the purpose of purchasing the Mexican Loan, which is to be raised in New York, and is to be used for the purpose of purchasing the Mexican Loan.

We received the same communication, with the same modest proposition. But we don't believe in the policy of a publishing office that would not be able to receive the same communication, with the same modest proposition. Another aspect of the Question.
It is not well to be preoccupied with the present as to exclude a reasonable provision for the future. It is equally bad to surrender the future to the hopes of the present, and to neglect the present for the sake of the future. It is equally bad to surrender the future to the hopes of the present, and to neglect the present for the sake of the future.
