THIRTEENTH ANNUAL STATEMENT.

Official.

Office of the Commissioners of Ald., New Orleans, May 1, 1867.

WHEREAS, The Common Council of the City of New Orleans have, by ordinance passed on the 29th day of April, 1867, authorized the Commissioners of Ald. to grant permits for the erection of wooden buildings within the fire limits of the city, under certain restrictions and conditions, and

WHEREAS, The Board of Commissioners of Ald. have established the following rules and regulations for the guidance of persons desiring to erect wooden buildings within the fire limits of the city, and for the information of the public generally:

1st. Every person desiring to erect a wooden building within the fire limits of the city must first obtain a permit from the Board of Commissioners of Ald., and no permit will be granted except upon the following conditions, viz:

2d. The applicant must file with the Board a plan of the building he proposes to erect, showing the dimensions of the same, the number of stories, the material to be used, and the distance from the building to the nearest brick building on each side.

3d. The applicant must file with the Board the written consent of the owners of the nearest brick buildings on each side of the proposed building, or, in case of refusal, the applicant must file with the Board the written consent of the owners of a majority of the brick buildings on the square in which the proposed building is to be erected.

4th. The applicant must file with the Board a bond, with two sureties, in the sum of $1,000, conditioned that the building shall be completed within six months from the date of the permit, and that the applicant will indemnify the city against any damages that may be recovered against the city for injuries to persons or property by reason of the erection of the building.

5th. The applicant must pay to the Board a fee of $5 for the permit.

6th. The Board may refuse to grant a permit in any case where, in its opinion, the erection of a wooden building would be dangerous to the public safety.

7th. Any person who shall erect a wooden building within the fire limits of the city without a permit from the Board of Commissioners of Ald. shall be liable to a fine of $100 for each offence.

8th. Any person who shall violate any of the conditions of his permit shall be liable to a fine of $100 for each offence.

9th. Any person who shall violate any of the rules and regulations established by the Board of Commissioners of Ald. shall be liable to a fine of $100 for each offence.

10th. The Board may revoke any permit granted by it at any time, and may order the building to be removed or demolished.

11th. The Board may grant permits for the erection of wooden buildings on such other conditions as it may deem proper.

By order of the Board of Commissioners of Ald.

JOHN C. WHITE, Secretary.
