Gen. Buchanan's Orders in Relation to the Procession of Last Saturday.

A telegram from Washington of last night, to be found among our dispatches, communicates the text of an order from the Secretary of War to Gen. Buchanan of last Saturday, commanding him to take measures to preserve the peace on the occasion of the Radical procession.

This order was based upon a report of Gen Hatch, Assistant Commissioner of the Freedmen's Bureau, to the effect that there was danger of an assault upon the procession.

We know not upon what authority Gen. Hatch communicated this apprehension to the Secretary of War. The danger was that some of the negroes, more unruly than the rest, might have assaulted people of the white race on this occasion and not that the procession might have been assaulted by the latter. If there had been a design to attack the procession the white people were abundantly strong to prevent the interference of Gen. Buchanan and his troops. They could have taken them prisoners with the greatest ease if there had been any necessity therefor. But fortunately there is the best feeling between the troops of the United States and the citizens of New Orleans. The latter were glad to see the troops on the streets, because they knew that this exhibition of force would render that an impossibility which the threats of the negroes had taught them to expect.

The Maine Election.

We cannot deny to the Republicans their victory in Maine on Monday last. It is evident that most strenuous exertions were made by both parties—by the Republicans to carry the State with a majority that should not only be decisive but overwhelming, and by the Democrats to reduce the majority of their opponents and increase their own. The Republicans have no doubt polled a very full vote, and although the Democrats are beaten, they have increased their vote over that of 1867, to the number of 10,770. The Democrats have no cause to be disappointed. There is much to encourage them in the result.

We have not expected from the first to carry any of the New England States, but must confess we did not anticipate a majority of seventeen thousand against us. The cry of the Radical papers in the North that the South intended to renew the struggle decided by the war has had an effect. It was impossible for our friends there to overcome that. And the New England man is not the man to give up without vantage once within his grasp. Our hope lies in the Middle and Western States, and we must wait patiently for the October elections in Pennsylvania, Ohio and Indiana.

CONGRESS TO MEET THIS MONTH.—Congress has been called together for the 21st of September. The notice will be found among our telegrams, dated Washington 15th, and is signed by Messrs. Morgan and Sobenck, upon whom devolved the duty of deciding that the session should be held.

THE MINUTE MEN OF '68.—Mr. A. A. Carman, Corresponding Secretary of the "Minute Men of '68," informs us there will be a banner presentation ceremony of this organization at the National Theatre, on Saturday evening, September 19.

We return thanks for a courteous invitation to attend.

JUDGE PAUL E. THÉARD.—We learned a few days ago with much gratification that Judge Théard, of the Fourth District Court, who had been seriously ill, was so far restored as to anticipate being able to resume his official duties on Monday last. We regret to ascertain that this hope was premature, as the Judge is again severely indisposed. We trust that he will soon be fully restored to health.

THE METROPOLITAN POLICE BILL.—The official journal announces that the Governor signed this bill and that it will be officially promulgated in a day or two.

Gen. Buchanan has announced his relinquishment of the military command of the Department of Louisiana, to Major Gen. Lovell H. Rousseau, and the latter has announced his assumption of the same command.

PONTCHARTRAIN RAILROAD—CHANGE OF SCHEDULE.—The following changes in the schedule of trains on this road are announced in our advertising columns:

The 9 P. M. train from the city and the Lake discontinued, and the 8 P. M train from the Lake will not go beyond the depot on Elysian Fields street.

The horse car from the Lake will leave at 9 P. M.

THE LATE RADICAL PROCESSION.—We find in the "official Journal" the following card from the Grand Marshal of the late Radical Procession, addressed to the Republicans of the parish. It contains some amazing statements. If their demonstration was a "success," what was ours? "Stygian darkness" is not bad.

An honest confession is good for the soul.

TO THE REPUBLICANS OF THE PARISH OF ORLEANS.—The Clubs from Jefferson and Carrollton, at the special request of their Grand Marshal, were permitted to retire from the procession on First street, owing to the bad condition of the streets and the "Stygian darkness," fearing that their lights would not hold out.

The procession who filed into Esplanades street on account of the heavy marching, and from the general complaint of the ranks, I would respectfully suggest that on another occasion the procession pass through the lower Marcel first.

Gentlemen, permit me to congratulate you on the success of our demonstration

HEADQUARTERS, DEPARTMENT OF LOUISIANA,
New Orleans, La., Sept. 15, 1868.

General Orders No. 9.

In obedience to Paragraph 4, General Orders No 55, Headquarters of the Army dated Washington, D. C., July 28, 1868, the undersigned hereby relinquishes command of the Department of Louisiana to Brevet Major General Lovell H. Rousseau, U. S. Army.

ROBERT C. BUCHANAN,
Brevet Maj Gen U S Army.

Official: NATHANIEL BURBANK,
Bvt. Lieut. Thirty-seventh Inf., Bvt. First Lieut., U. S. A., Acting Assistant Adjutant General.

On Saturday last the Radicals held a mass meeting, and during the entire day, the warm, perspiring and forgetful nature of the negro was lashed into fury by their speakers. At night they had a torchlight procession, and their line of march was deeply write with deeds of violence. Everything was engaged to create a riot. The teachings of Republicanism are fruiting.—*Baton Rouge Gazette*, Sept. 12.

Gov. Curtin thinks that Pennsylvania will give Grant a heavier majority than was ever before cast for a Presidential candidate, and that Seymour will not get a single Northern State if the tide begins to rise. He believes the vote of Vermont will be the key note of the final result.

Demonstration by the Police Force.

A part of our Police Force made yesterday what they may have wished to be considered a peaceable demonstration towards the city authorities. Their object was to obtain from them by a united demand several months' back pay. Meeting in Lafayette Square, they appointed a committee to confer with the Mayor, who was unable to give them any satisfaction. We should judge that the Mayor and the Finance Committee are not in harmony, if the statements in an evening contemporary of yesterday are correct.

This condition of things is disgraceful. If the Common Council cannot carry on the affairs of the city, they should give place to those who can. We understand that the same body afterwards called *en masse* upon the Governor, who assured them that the Legislature would take the matter in hand, if the city authorities did not pay them in a few days.

We cannot approve of the threatening attitude of the police force. If they are dissatisfied with their employers they should resign. They have no right to pursue any other method of enforcing their claims upon the city Government, than the law affords them. They are on the same footing as other citizens and can only invoke the assistance of the judiciary. At the same time we cannot but recognize the pressure of the circumstances under which they labor. Such force as they have displayed and threatened to exercise against the municipal authorities, leads to the destruction of all discipline and is a clear violation of the ordinances and laws of the city and State, which they are bound scrupulously to respect. The conduct of Mr. Williamson, the Chief of Police, in heading this act of insubordination was highly reprehensible and ought to cost him his position.

Removal of the Madison Parish Courthouse.

The act of the Legislature removing the seat of justice of the parish of Madison from the town of Richmond to a place called *Delta*, the terminus of the Vicksburg, Shreveport and Texas Railroad, opposite the town of Vicksburg, is now a law, having been signed by the Governor.

We clip from the evening *Delta* and publish elsewhere a protest from the citizens and Police Jury of the parish, against the action of the Legislature. The *Delta* says that when the bill came up in the Senate, Senator Jewell offered as an amendment, providing for the taking of a vote of the people upon the proposed change, but upon the assurances of Senators Lynch and Pollard, the latter assuming to represent the parish of Madison in the State Senate, that it was the unanimous wish of the people to have the Court House removed, the amendment was withdrawn. Lynch is a Carpet-Bagger and Pollard is a negro. From this protest, says the *Delta*, it appears that Messrs. Lynch and Pollard, stated deliberate falsehoods upon the floor of the Senate, and thus deceived Democrats into voting for a measure that could have been defeated.

Those of our readers who are familiar with the western bank of the river opposite Vicksburg, and who have travelled over the railroad to Monroe, know how often the point is inaccessible to persons living in the interior of the parish of Madison. When the river is high the terminus of the railroad is subject to overflow, and sometimes months have elapsed before even the lightest vehicles could be propelled through the heavy soil of that part of the parish.

Those who engineered this bill through the Legislature must have had some job in view. The petition speaks for itself.

CITY INTELLIGENCE.

The Academy.—As usual, this popular place of resort had a full attendance last night. Emerson furnishes a new programme for to-morrow night which eclipses any thing in the minstrel line yet collected.

The St. Charles.—The competing troupe at the Old Drury, with Low Gaylord at its head and Bob Strong in the office, are certainly giving Harry Bidwell and Kittredge a fair show for deservance.

The Other Show.—We are sorry that time and space prevents a regular notice of the other place of amusement. Look to our Council reports for an account.

A Correction.—A mistake crept into our report of the Radical procession of Saturday night, which not only does an injustice to a very worthy gentleman, but has caused us some trouble since in explaining to his many friends. In mentioning the house that was illuminated on Chartres street, the No. 161 was inadvertently used. M. Pinsoneault is the proprietor of the Coffeehouse, No. 161 Chartres, and being an excellent Democrat did not illuminate upon the occasion, but like other good citizens closed his doors

Constantinian.—General Rousseau, the new military Commander of the new Department of Louisiana and Arkansas, quietly made his entrance on Saturday last, and left for Little Rock. General expects to visit Arkansas soon, with a view of studying tactics under Clayton. Gen. Buchanan remains in command of the District of Louisiana with headquarters at New Orleans.

Seymour Fidelis.—The Seymour Videtes held a meeting last night at the School House of J. G. A. J. Weber. No. 160 Love street, Third District.

The Club was addressed by Hon. E. L. Jewell.

It was announced that Miss Emma Fulda, in behalf of the ladies of the Third District, desired to present the Club with a banner and that Miss C. Scanlan and Miss Rose Colson desired to present the Club with a wreath Saturday evening was appointed for their reception.

Mr. Jewell, the speaker of the evening, and the various Democratic Clubs of the Third District, were cordially invited to participate in the presentation ceremony

The resolutions of the Parish Central Committee of Independent Democratic Clubs, were adopted.

Edward Cochran, Esq., was unanimously elected delegate to said Committee

Club adjourned to meet to-morrow (Thursday) night. LOUIS F. FULDA,
Secretary.

Board of Aldermen.—Meeting last evening. Alderman Shields in the chair, and present Messrs. Brady, Kaiser, Prados, Boquille, O'Brien, Poynot and Pesson.

A communication from the Street Commissioner reported amount of work performed, and claimed that the work had been thoroughly performed, thus explaining the increase in expenditures. The roads repaired will need no work for three years to come. Referred to the Committee on Streets and Landings.

Resolution of Lower Board relative to public printing, and submitting the same amount of printing to be struck off on slips to be exhibited in the various public offices. Referred to the Finance Committee.

Resolution of Lower Board instructing the City Attorney to discontinue suit relative to damages for opening Lafayette Avenue, the Commissioners having fixed the damages at $150,000. Concurred in finally

The resignation of Mr. J. S Eustis, City Attorney, was adopted and the Board concurred in a resolut on of the Lower Board for joint session at 8 o'clock to elect a City Attorney for the unexpired term

Mr. Poynot spoke in favor of raising money somehow, but he did not say how, and we did not exactly understand whether he favored or approved the ordinance

The ordinance was, however, adopted finally, but Mr. Kaiser gave notice that he would, at the next meeting, move a reconsideration.

A motion to adjourn over at once notwithstanding the notice given by Mr. Kaiser, was declared out of order by the Chair, (Mr. Shields.)

Mr. Kaiser offered a resolution requiring the Secretary of the Board of Aldermen and the Secretary of the Lower Board to certify to ordinances passed over the Mayor's veto, that the requisite two-thirds number of members of each Board voted to pass such ordinance the Mayor's veto to the contrary notwithstanding. Adopted finally.

Mr. O Brien offered a resolution declaring all contracts entered into by the city null and void, on the ground that the city charter prohibits the city from incurring any debt beyond twelve million of dollars and that this resolution be published for the information of contractors.

Mr. O Brien offered an ordinance authorizing the Mayor to enter into a contract with George E. Pitcher, John F. Caldwell and their associates, under the style of the New Orleans City Insane Redemption Company for the redemption and cancellation of three millions of dollars of city notes upon certain terms and conditions.

[The introduction of the reporter, when the ordinance was read, was that there was a lively scheme connected with this]

Mr. Brady offered an amendment requiring those parties to give good and solvent security in real estate, to be recorded in the office of the Recorder of Mortgages

The amendment was adopted. Some discussion ensued.

The hour of 8 o'clock having arrived, the Board resolved to meet the Lower Board to elect a City Attorney.

After returning the City Issue Redemption Lottery Company ordinance was taken up again.

Mr. Shields called Mr. Brady to the chair, and spoke against this resolution, and called upon Mr. O'Brien to state whether, upon his own knowledge as Chairman of the Finance Committee, he was prepared to state that the debt of the city amounted to $13 000,000—if he was not no such resolution ought to be entertained.

Mr. O Brien stated that perhaps he might be mistaken and withdrew his resolution.

A resolution was adopted amending the ordinance passed at the previous meeting for the issue of one million of dollars' worth of bonds, so as to authorize the selling of them bonds at less than par.

Resolution of the Lower Board to have the lithographic stone now being prepared for the issue of the million dollars' worth of bonds, moved to the office of the City Treasurer, and that the bonds be struck off there. Referred to the Finance Committee with power to act.

Resolution of Lower Board calling upon the Street Commissioner to furnish a detailed statement of the work done by him and his predecessor, the work done by contract and the comparative cost of the contract system, and the employment of laborers. Referred to the Streets and Landings Committees.

The Board adjourned

Board of Assistant Aldermen.—The Board met last evening in regular session.

The weekly report of the Treasurer states: Receipts, $28,346; expenditures, $26,365 35. Balance on hand, $378,768 98.

Mr. J. B. Eustis, City Attorney, sent in his resignation, which was accepted, and, upon motion, a joint session was called to elect his successor.

The Mayor sent a communication stating that he had been officially waited upon by a delegation from the unpaid police force, who had left their seats in various parts of the city, and that the Chief of Police stood quietly by and acquiesced in their action; and recommending a vote of censure, and their dismissal by the Board of Police Commissioners.

A very animated discussion followed, covering the whole ground of the city's financial embarrassment. Messrs. Camp and Pemberton undertook to defend the course of ex-Mayor Heath, who was accused of being the original cause of all the trouble.

Mr. Sinnickes replied in answer to a sweeping charge against the Finance Council, of which he was a member, and the only one present. Mr. S. also charged the Finance Committee with unnecessary delay in negotiating the bonds authorized by the late act of the Legislature.

Mr. Farrell defended the committee by stating that it was powerless, while the bonds of city already on the market were worth only 68 cents on the dollar, and they (the committee) were bound by the act to not sell the new last bonds at a price below par.

Mr Fisher offered a resolution condemning the action of the Chief of Police and requesting his dismissal, which, after some high wordy debate, was adopted.

Mr. Camp offered a resolution that all contractors be notified that no money is in the City Treasury, and that any further work they did would be at their own risk.

Sharp words passed from all sides, resulting in the offering by Mr. Breen of a substitute assailing all contracts for repairing and keeping in repair the streets of the city. The substitute was accepted by Mr. Camp and passed the Board.

At this juncture the Upper Board was announced, and the Council went into joint session for the election of a successor to Hon. J. B Eustis as City Attorney.

Henry J. Leovy was nominated and elected by a unanimous vote of both Boards, and the Lower Board resumed its regular operations.

A resolution ordering the lithographic stone and the whole face of the city bonds to be transported to the Treasurer's office in the City Hall, and that the said bonds be executed there, adopted.

A resolution calling upon the Street Commissioner to furnish a statement of the work performed by himself and predecessor, stating what was done by contractors and what by the Department.

After some further business of little importance, but of a stormy nature, the Board adjourned.

The Murder of a Policeman.—We copy from the *Evening Delta* the following account of an affray which occurred on Monday night in the Fourth District, resulting in the death of Police man Baker:

A difficulty occurred last night about 11 o'clock, between several negroes in a coffee house near the corner of Adele and New Levee streets, which resulted in the killing of Policeman Mike Butler, who was on that beat.

The homicide is yet an enigma in mystery. Butler had been on the force for several years, and had lately been transferred from the Third to the Fourth District.

Coroner Roche this morning held a *post mortem* examination on the body of Butler, which had been carried to the Fourth District Police Station, and a verdict was given by the Coroner's Jury that the deceased came to his death by a wound inflicted, by some unknown person, with a knife or some other sharp instrument. The stab which Butler received was in the back, on the left side, and the instrument used almost penetrated to the breast.

Butler lingered until between three and four o'clock, when the internal hemorrhage that caused caused his death.

Lieut. Madden, Sergeant McManus and special officer Dumas, immediately after the difficulty occurred, used their utmost efforts to secure the arrest of the guilty party, and Thos. Barlow and Owen Duffy were arrested.

The sum and substance of the affray which resulted so fatally, as far as at present known or surmised, was that three negroes came out of or emerge from the coffeehouse aforementioned One of the number, supposed to be Baldwin, fired a pistol on the street. Officer Butler endeavored to arrest the party so firing, but in the act was stabbed. After being stabbed officer Butler ran to landing where he fell.

Barlow and Duffy were acquitted by the Coroner's jury which brought in a verdict of murder against some unknown person.

First District Court—Judge Abell.—The following sentences were delivered by Judge Abell yesterday:

Spencer Rush, colored, charged with burglary and larceny, goes to the State Penitentiary to hard labor for three years.

John Stith, colored, for a small larceny, takes one month in the Parish Prison.

Isaac Johnson, accused of the same crime in a smaller degree, gets only two days.

The following pleas of guilty to the charges preferred against them:

Louise Wilson, colored, larceny. George Washington, the same, plea to grief; yesterday, larceny; A. Helman, larceny. Celestin Clark, colored, larceny. Wm Alexander, carrying concealed weapons.

Mr. Whitney moved the reception of the communication from the Secretary of State, exhibiting returns of elections in the parishes of Avoyelles and Concordia, favorable to the election of John Reunding, and declaring the latter duly elected.

The following has been issued

WASHINGTON, Sept 15

The President of the Senate and the Speaker of the House of Representatives by resolution of Congress adjourned their Houses until the third Monday of September, and on that day, unless otherwise ordered by the two Houses, they were directed to further adjourn their respective Houses until the first Monday of December next, and in accordance with the request of the Republican members of the 40th Congress the undersigned decide and respectfully recommend that there be a full attendance of both Houses on the 21st day of September next.

It is not expected that general Legislative business will be entered upon at that time, or that the session will be longer than to provide for sundry adjournments. It is important that there should be such a general attendance of members as will secure the presence of a quorum in each House.

(Signed) E. D. MORGAN.
ROBERT C. SCHENCK.

Washington, Sept. 15.—W. H. Slade has been appointed gauger for the First Alabama District.

It is doubtful whether a quorum of the Senate can be reached by the 21st inst. If a quorum fails on that day Congress will be adjourned to the first Monday in December.

Nothing official yet from Maine.

The Secretary of State has promulgated the details of the naturalization treaty with Prussia. Among them are the declaration that no citizen shall be prosecuted for violation of the Emigration laws after an absence of five years, and penal judgments already declared shall not be consummated, provided the person subject to the penalty has become a citizen of the United States.

COMMERCIAL.

OFFICE OF THE BEE,
TUESDAY EVENING, September 15, 1868.

COTTON—The sales to-day summed up 2300 bales, at an average advance of ⅛c on previous rates, the market closing firm at 22¼ to 22½c for low middling; 22⅞ to 23c for middling and — to 23¼c for strict middling. Some strict good ordinary sold at 22c.

The market opened with an active demand, and continued animated throughout the day, nearly every lot being taken that was offered; and although a decline in both foreign and domestic exchange as well as affecting freights, had an adverse influence on the execution of foreign orders, yet from the competition among buyers, and the unfavorable issue of the crop accounts, factors were enabled to establish the advance noted above, while the business proved to be the largest, thus far, this season. The sales of the past three days amount to 5000 bales, or about 1000 more than the entire business of last week. The receipts since Friday evening comprise 4407 bales proper and 470 from Mobile and Texas. Exported 2285, all to New York.
