The Convention met at 13 o'clock M. It President Williamson in the chair. The reading of the minutes was dispussed with. Mr. Todd moved that the members of the Convention be separated from the public, as persons who do not belong to the bedy-as the mover has been informed—having voted yesterday. It is important that a correct conclusion about the second of the convention of the flower of t

interest in our streets, because the leaf our people gives no fear of reven the date of Lee's surriveder hour, there has been to need for some in any Southern State of a set over on of a company of Pedige. In fact all the plements of see in any Southern State of a set over on of a company of Pedige. In fact all the plements of the manufacture of the people being given away as these resolutions proposed to do. We are not yet disposed to the people being given away as these resolutions proposed to do. We are not yet disposed to the people being given away as these resolutions proposed to do. We are not yet disposed to the people being given away as these resolutions content to the people being given away as these resol
