COURSE NOT TO BE CHANGED.

Yaoht Racca for America's Cup Will Decar Of Sandy Hook and Not Newport, as Suggested.

While there is talk in some quarters of transferring the America's cup races to Newport, the New York Journal states on the best authority that there is not the slighters chance of the races being held there. Black in the source of Brentiu mode one for a fast course of Brentiu mode one for a fast cut at the Sandy Hook course. Off. Point Judith, Block Island and Yineyard sound four tides would have to be encountered during a race, against one or two at Sandy Hook. For this, if no other reason, it would be unfair to that Sir Thomas Lipton to accept such a bandeap, and there is not the slightest chance of his being requested to do so. So far as winds go, there is quite and

requested to do so.

So far as winds go, there is quite as much chance of a breeze off Sandy Hook in August as at Newport, for they have calm days there just as they do at Sandy Hook.

INCREASE IN COTTON CROP.

sunt Balacd in Burstan Posses-sions This Year Estimated at 7,500,000 Pood.

Russian official reports show that the area under cultivation in Russian cen-tral Asia has increased 30 per cent. this year. The crop is estimated at 7,500,000 pood, or half the Russian requirement, whereas previously only 6,000,000 pood has been procurred from Russian pos-

whereas previously only 6,000,000 pood has been procured from Russian possessions. This result is attributed to the increased raw exton import duty introduced last winter. The situation in the cotton industries is improving.

The wholewale prices of petroleum and petroleum shareh have fallen sharply recently. The Novoe Vreunya attributes this to a campaign of the possible competitur from bidding for the petroleum fields recently discovered in Trans-Caspia. There will be an expedition of the starting systems at St. Petersburg this winter, and an electrochic exposition will be held in Moseow in January.
