A L'EGARD DES COMBUSTIBLES

L'Administration des Combustibles de la Louisiane, conseille aux familles en général, des villes qui sont menacées d'une disette de charbon, de faire usage de bois autant que possible. En adaptant ce système la situation serait rapidement améliorée, en réduisant les énormes dépenses de milliers de familles.

L'Administration, avec l'aide du Service Forestier, distribue les informations à cet effet dans toutes les paroisses de l'Etat. Il est démontré par le Service Forestier que le consommateur gagne à payer de \$6.10 à \$7.20 la corde; pour les deux qualités de bois de pin, en remplacement d'une tonne de charbon (2,000 livres) à \$8.00.

Le bulletin publié par l'Administration des vivres dit:

"Si le consommateur peut acheter du charbon à \$8.00 la tonne, il serait inutile pour lui de brûler du bois qui lui coûterait \$8.00 la corde, à moins de s'en servir dans un foyer ouvert, parce que le charbon est un combustible plus commode. Si cependant le charbon devient si rare qu'on ne puisse s'en procurer en assez grande quantité, le consommateur, dans certains cas, aura à brûler du bois même s'il lui faut payer \$10 ou \$15 la corde.

Les fermiers possédant des terres boisées, et les résidents des villes qui peuvent acheter du bois avec les fermiers des environs, sont placés dans une meilleure condition pour réduire leur consommation de charbon. On ne peut espérer que tout le monde substituera le bois au charbon, parce que pour de certaines choses le charbon est plus commode; mais pour le réchauffage de plusieurs genres de bâtisses le bois est plus convenable, et est un combustible meilleur marché, principalement pour les églises, grandes salles, collages et autres bâtisses que l'on ne réchauffe que par occasion.

Cette année le bois de chauffage accumulé par les fermiers de la Louisiane, surpasse de plusieurs milliers de cordes, celui des années précédentes. Ces bois ont subi le séchage requis et sont prêts pour être consommés.

Par conséquent, si la majeure partie de notre population adopte l'usage de bois de préférence au charbon, cela permettra au gouvernement fédéral d'avoir assez de charbon pour alimenter les fabricques, usines, manufactures et autres établissements, qui remplissent des commandes pour la défense nationale.

Que chacun donc donne une preuve de sa bonne volonté.

THEATRE TULANE

Ce soir au "Tulane," "The Beauty Shop," charmante comédie musicale, écrit par Llanthan Pollock et Renold Wolf, musique composée par Charles J. Gebes, et qui sera représentée également aux matinées de samedi et mercredi.

Cette comédie a été jouée pendant plusieurs mois au Théâtre Astor, à New York, à Boston, Philadelphie et Chicago. La pièce représente les tribulations d'un Dr. Arbutus Budd, spécialiste, et est pleine de réparties, de situations émouvantes, et de chansons comiques de premier ordre, comme suit: "In a Beauty Shop," "I Want to Look Like Lillian Russell," "Come Along, Little Girl, Come Along," "Saturday Afternoon on Broadway," "When the Creditors Come to Call," "Poor Uncle Gazzarus," "In Corsi-September," "Ring Out Glad Bells," "The Tale of a Mermaid," "My Tango Queen," and "We Will Sail Back Home."

Comme la scène se passe dans un magnifique salon de Fifth Avenue, New York, et deux scènes sur l'île de Corse, (foyer de Napoléon), on peut s'imaginer de l'attrayante mise en scène.

LOEW'S CRESCENT THEATRE

"Le Vespo Duo, musiciens Italiens, au 'Loew's Crescent Theater,' offre un programme attrayant de musique classique et 'rattatone,' sur l'acordion. Le jeune Vespo exécute d'une façon merveilleuse sur cet instrument, et son frère aîné excelle dans les chansons caractéristiques italiennes. Miss Ann Pennington, favorite locale du cinéma, offre des scènes qui captivent les spectateurs dans des comédies musicales. Elle a tenu les premiers rôles pendant plusieurs années, dans 'Ziegfeld Follies.' Elle est distinguée dans le photo-drame, 'The Antics of Ann,' qui offre un intérêt dramatique. La soirée se terminera par Loew's Universal-Workday, My Musical, 'International Carousels,' et les autres de variété suivants: 'The Handicap,' 'Sharpshooters,' 'Helen and the Baron,' 'The Fred,' et 'The Olive,' dans des langages et le Phon-Phon.

LE "MARIAGE ACCESSOIRE"

C'est une invention allemande, et autour de laquelle s'organise, en quelques milieux militaires, une propagande très active. Voici l'Allemagne a besoin d'être remplie, et beaucoup de jeunes femmes qui pourraient et voudraient collaborer à ce rétablissement, ne trouveront pas de maris après la guerre.

L'Université de Glasgow et M. Poincaré

Londres. — Selon la "Morning Post," l'Université de Glasgow, vient de proposer d'une façon officielle, au Sénat de M. Poincaré, comme directeur de cette université. On sait que le Président de la République française fut nommé, il y a trois ans, lors de sa visite à l'Université de Glasgow, des professeurs de la même université, pour lui présenter l'état de l'établissement et lui offrir un diplôme honorifique.

Le consul général Britannique à Zurich

Londres. — On télégraphie de Berne que Lord Acton qui a été employé à la Légation de Berne depuis le début de la guerre vient d'être à sa requête, nommé Consul Général Britannique à Zurich. Il représentera d'ailleurs, en cas d'absence, le Ministre Britannique à Berne.

IL A EU LE CRANE FRACTURE

Hier matin, en travaillant sur le toit de la "Johnson Iron Works," à Aigen, Phil Hammer, 20 ans, 465 rue Calhoun, perdit l'équilibre et tomba à terre. Dans sa chute il se fractura le crâne, et fut transporté à l'Hôpital de la Charité, dans un état critique. Hammer est employé par la "H. W. Johns-Manville Roofing Company."

CE QUE NOUS N'EN TENDONS JAMAIS DIRE

Ma petite femme chérie, tu as absolument besoin d'une robe neuve et d'un nouveau chapeau. Va vite les acheter.

— Non, je n'ai pas résigné mes fonctions de bonne volonté; c'est le boss qui m'a mis dehors pour incapacité.

— Cher docteur, en vérité, votre bill est trop raisonnable!

Je vous reçois toujours avec plaisir, cher monsieur, parce que vous apportez toujours beaucoup de présents.

— Je n'ai pas épousé mon mari par amour, mais tout simplement parce qu'il avait une belle robe.

Bâle. — On se montre très irrité à Berlin des motifs des tentatives lancées par une Agence de Vienne qui s'efforce d'organiser un gouvernement autrichien d'après les principes de l'Empereur Charles Ier, prêt à discuter le rattachement de la Pologne à l'Autriche et à prendre le nom de roi du nouveau royaume de Pologne.
